

ACQUISITIONS

Our Five-1-Five Approach is proven to assure clients avoid significant pitfalls within any one of the five critical areas that could potentially cost them more than five times their investment in our services.

Conduct comprehensive mission, budget, aircraft and operational analyses to determine the right aircraft for the client

Advise, negotiate and oversee refurbishments and modernization work; assist in annual registrations; and provide appraisals for tax modeling

Utilize proprietary modeling to provide a detailed analysis of market data in order to determine best values and sources for "off market" opportunities

Facilitate the closing process, ensuring all documents, funds, warranties, and subscriptions fully transfer with ownership; and personally administer delivery to client

Develop specific inspection criteria and manage aircraft audit; negotiate and draft purchase documents; and direct all other activities associated with the acquisition

Our Five-1-Five Approach is proven to assure clients avoid significant pitfalls within any one of the five critical areas that could potentially cost them more than five times their investment in our services.

Conduct comprehensive aircraft audit and provide guidance on enhancements to improve marketability

Facilitate the closing process, ensuring all documents, funds, warranties, subscriptions, fully transfer with ownership; and personally administer delivery from client to buyer

Provide detailed analysis of current marketplace in order to determine valuation models, pricing strategies and marketing initiatives for client aircraft

Personally facilitate all showings and demos; negotiate and draft documents related to the sale; and negotiate and manage the pre-sale inspection

Create custom, digital marketing campaigns, leveraging OGARAJETS' vast network to generate qualified leads for the sales team and build comprehensive reports for the client
